Reload System
RL

Eco-friendly and cost-effective tip management solution – each reload tower accommodates multiple insert plates of refill tips. This minimises plastic waste **by approximately 70% per pack** and reuses the current AHN myTip® RB rack boxes by simply replacing empty plates with full ones from the AHN myTip® RL reload towers

Secure fit of pipette tips – pipette tips sit stable and secure in the insert plate, enabling easy handling with multi channel pipettes

Secure and comfortable handling – AHN myTip® RL insert plate securely snaps into the rackbox, but can be easily removed again. To facilitate the handling for users with small hands, the tabs of the AHN myTip® RL insert plate are located on the longer side

metal free

Easy identification of pipette tips – colour-coded racks allows quick and easy identification of the pipette tip, and therefore a suitable pipette

Space-saving – small footprint of the AHN myTip® RL reload towers means there is more space both on the benchtop and in the storage room

1. Open the refill by sliding it towards the top
2. Prepare an empty rack. Remove its original grid
3. Pick up the first grid of refill tips and insert into the rack. The racks can be reused
4. Once the tips are properly installed in the rack, you may close the hinged lid

AHN myTip® RB for tips **1000 µL**		clear black (RB) / blue (I)*	case / 4 x 8 rack boxes	4-503-C4-E
AHN myTip® RB for tips **1250 µL**		clear black (RB) / blue (I)*	case / 4 x 8 rack boxes	4-504-C4-E

**RB - Rack Box | I - Insert Plate*

Cleaner, greener transport
– reducing our carbon footprint

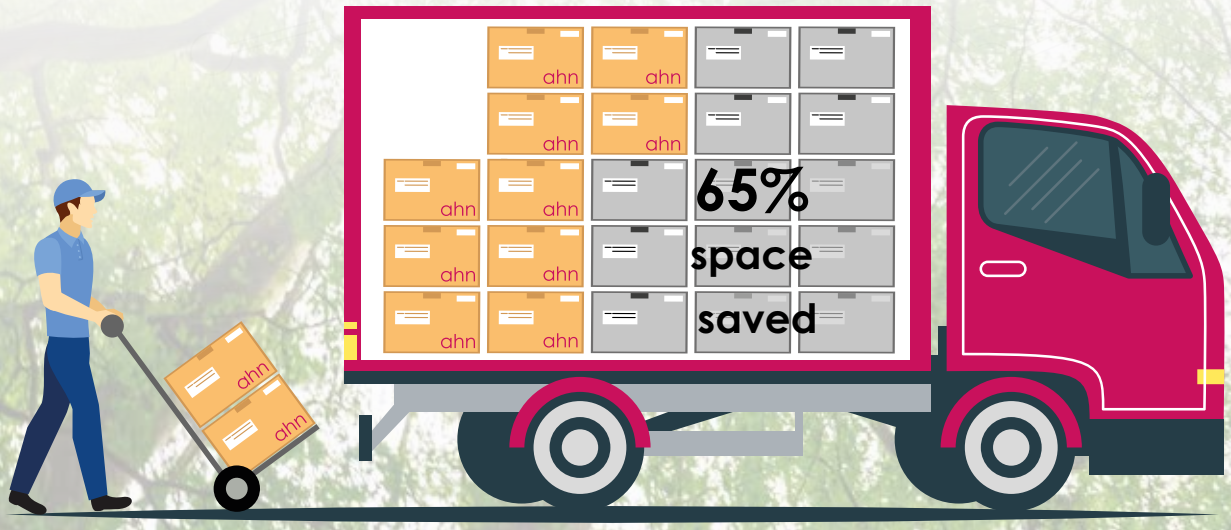

Over the last few years we have worked hard to hone our skills in sustainable production, and one barrier we have overcome is that of product shipping.

With our revolutionary reload system, we have been able to save **65% more space** on each shipping consignment and also save valid benchtop space in your lab!

ahn *myTip*®
Reload System
RL

Consequently, this has reduced our overall carbon footprint in shipping and other transportation.
